Seattle, Washington, March 3rd, 2020: Today, Hip Hop is Green (HHIG) founder, Keith Tucker, announces the rescheduling of the upcoming Hip Hop is Green eXpo that was scheduled for March 6th due to the spread of the COVID-19 corona virus. Keith Tucker stated that “The safety of all our youth, speakers, performers and the community is the most important thing to us and we think that cancelling the event and rescheduling at a later date is the best thing to do in order to protect the public and our attendees.”

While we wait for public health officials and local government to stop the spread of this virus, with health and safety as our number one priority, we are actively working to set up the new date for the Hip Hop is Green eXpo at the Fisher Pavilion and will announce the new date as soon as possible.

We would to thank our talented and dedicated production team that worked diligently over the past four months to produce the event and the talented speakers, chefs and musicians that were coming to Seattle from all over the nation, to participate in this groundbreaking event.
